## The year in review

This has been a wild year of expansion. Thank you for the prayers and donations you've sent which funded all the projects listed on the left! We already have 6-7 major projects in the works for 2019. With God's guidance and your support, we will have one spectacular year of reaching millions of people with God's truth. Exposing Satan's deception and leading people to Christ is our #1 priority.

Today's entertainment industry is pumping graphic sex, drugs, homosexuality, gender fluidity, porn, you name it... into movies, TV shows, social media, magazines, video games, etc. We are actively exposing these lies and pointing people to Godly entertainment. We help parents navigate safely through the pop culture chaos. Our new app keeps people notified when a potential threat is on the horizon.

We will never stop hollywood from pumping out the horrible junk for our kids but we CAN ban this poison from entering our homes. Counter Culture Mom helps equip parents with current pop culture news, alerts, tips, and tools to know what to do to keep the trash out :)

As a result, we will have MORE world-changers who will be bold and stand up for truth in a world which desperately needs it. More Christian teachers, missionaries, leaders, educators, speakers, businessmen, doctors, parents, politicians...
