## NOW IS THE TIME!

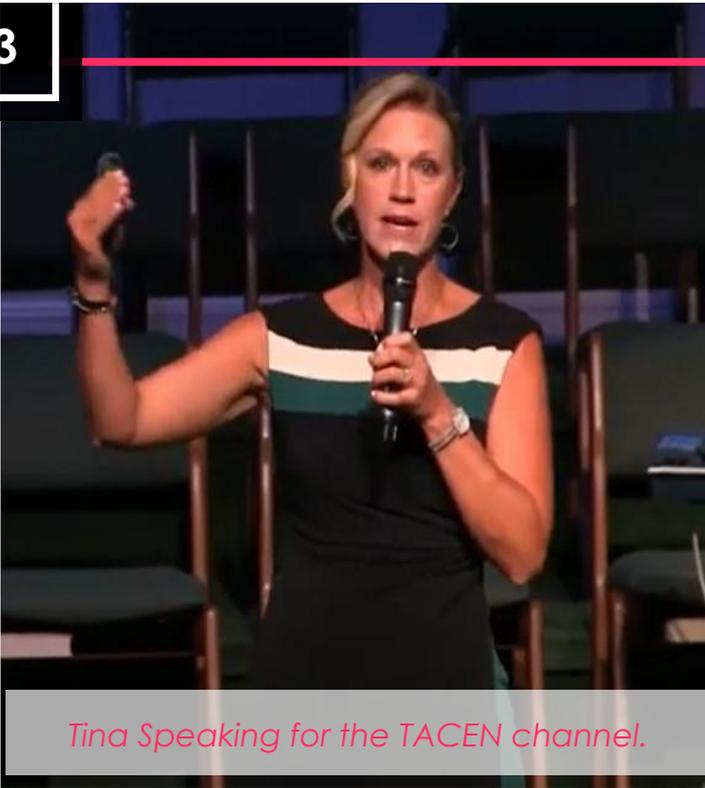

We are on the brink of losing our republic. If you don't know, there is a major communist movement to take over our beloved country. I have been researching and speaking on this topic for over 20 years. The last couple of months have been jam-packed. From speaking at patriot rallies in Tennessee to educating people about the COVID-19 agenda, and even training them on knowing what to do to preserve our freedoms.

The "pandemic" actually caused our ministry to expand further and farther than we ever imagined. We are in the 11th hour for saving this country. It's been an honor having you on board through prayer and financial support. Now more than ever is the time to educate, encourage, and serve those in need. Besides speaking at rallies, I had the opportunity...

***"We are on  
the brink of  
losing our  
republic...We  
must fight for  
our  
Freedoms!"***

***Tina Griffin***

*Tina Speaking for the TACEN channel.*

## NOW IS THE TIME (CONT)

...to speak at our first major TV program RESCUING OUR CHILDREN on the TACEN channel for ROKU. This allowed thousands to hear the Hollywood Exposed message and know how to keep their kids safe while engaging in entertainment and perusing online (especially now that millions of kids are doing public school education on the web).

## EXPANDING GOALS AND A GROWING TEAM

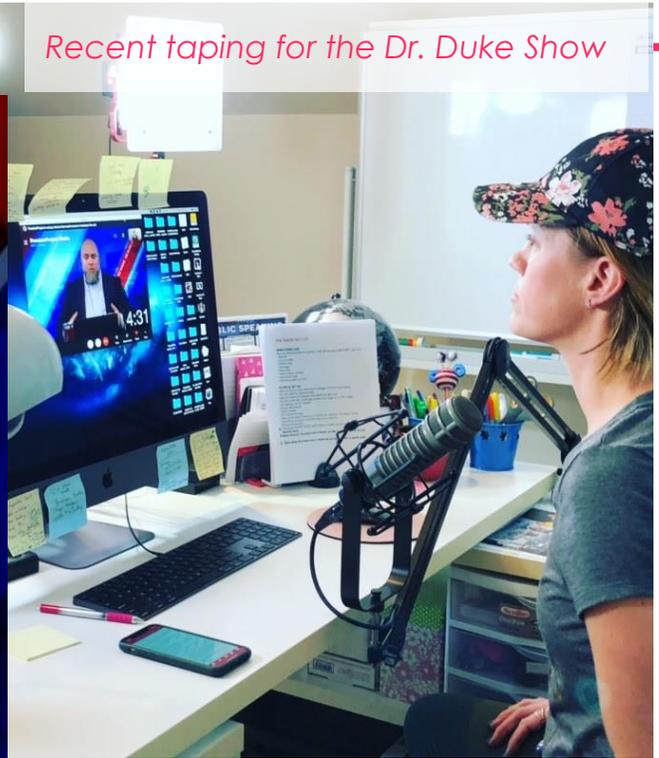

In last year's annual report, we prayed for donors to come along side us and help provide for a much-needed staff! This year, thanks to your generosity, we were able to hire a full-time assistant, publicist, podcast program director, a social media expert, over a dozen writers, a new app platform, and SO MUCH MORE! God has done a huge work on building the Counter Culture Mom team.

We went from a team of four in July to now over 20 in December! We have David, Web Designer/SEO Guru, Bethany, COO (works around the clock with our writers), Luke, President (hubby), Heather Public Relations (she's had years of experience in TV reporting), Christy, Booking Agent, and over 15 content creators/writers who are working daily on reporting trending topics for our blog and our most popular section on the Counter Culture Mom app - Pop Culture Alerts.

I LOVE THIS TEAM SO MUCH! Having everyone working on all of these projects, allows me to fully focus on my passion - radio and TV.

Heather and I came up with an excellent plan on educating parents via major TV outlets and she has the connections to make that happen. I will be appearing on local TV stations as a pop culture expert on trending news topics, to let more parents know about our ministry. Bethany and I have THE SAME BRAIN, so her ideas fall right in line with what I'm thinking at the exact moment.

We added Ken Ham from the Creation Museum to our featured educators' section of the app, along with former transgender Laura Perry (who is also now writing alerts for our parents), Chris Pinto who discusses the TRUE history of America and our founding fathers, and Alex Newman who is exposing Common Core and the Communist agenda in today's public schools. ALL of these phenomenal people have joined forces with us.

## NEW TOOLS AND RESOURCES!

In 2021, our team and I are working on creating a 12 books series on the topic of doing a POP CULTURE PURGE. More to come. We are updating our free parent media guide and resource page to help parents replace the ungodly entertainment with wholesome family friendly pop culture. I warned parents years ago that if we don't monitor what our kids engage in, they will become haters and brick throwers instead of God honoring, world changing citizens. As we can see in this year alone, what I said would happen, has happened, But it's not too late.

However, many are waking up to the attack on American soil and want to do something about it. Our ministry educates parents on the brainwashing that takes place through mainstream media and how we can make wise media choices. We give practical solutions to how they can help guide their kids to become on fire for Christ and learn about their true identity being in Jesus not pop culture.

Besides the projects listed above, I am going to keep working on my weekly Counter Culture Mom show (podcast) featuring guests who are giving Godly wisdom on how to raise kids who are being misguided by main stream media and Hollywood hypocrites. We are SO EXCITED to cover the life-changing topics we have planned in 2021. Dennis Prager on Salem Radio...

*"We just uploaded our last week's segment on Parler for the first time and it got over 100,000 views in less than 24 hours!"*

**Tina Griffin**

**Counter Culture Mom**

With this many views in less than 24 hours on a new platform like Parler, it tells us that people WANT the content we are providing.

## JOIN FORCES WITH US!

Once again, this year we have a generous matching donor for our ministry. Every dollar given this year is doubled by a very generous donor. Would you prayerfully consider partnering with us in 2021 as the needs for this ministry have substantially grown?

I also do not take a salary from any donations given. All funding goes straight to the mission, paying our staff, tech needs, monthly subscriptions, app costs, etc. If you would like to see our 2021 budget and how we plan on allocating our funds, you can email us at [Info@CounterCultureMom.com](mailto:Info@CounterCultureMom.com) to request a copy.

We are a nonprofit (501c3) under the umbrella of the [Capstone Legacy Foundation](#). You will receive a gift receipt from Capstone after making your tax-deductible donation.

**Donate Now**

THANK YOU SO MUCH FOR YOUR GENEROSITY!

*Tina Griffin*

*Counter Culture Mom*

## NEW TOOLS AND RESOURCES (CONT)

... has been promoting our show and we are so thankful for this partnership. Praying this turns into a national radio show when God opens that door. We want to reach the masses. Make sure you subscribe to the Counter Culture Mom podcast via any major podcasting platforms and share this program along with our app with your family and friends.

We also started filming our weekly pop culture segment on the Dr. Duke Pesta show. I do a 7-8 min TV show segment on a hot topic that is impacting our children and it gets shared on several platforms. We just uploaded our last week's segment on Parler for the first time and it got over 100,000 views in less than 24 hours. If that SAME program were on a censored platform like Facebook, we might have seen 2,000 - 3,000 views in a WEEK! The uncensored platforms are where we are focusing in 2021.
